B. Proposed rezoning from “S-3A” Special Districts to “C-O-2.5” Commercial Office Building, Hotel and Apartment Districts.

C. Proposed site plan for a 70-unit residential building.

DISCUSSION: In response to the County Board’s action at its recessed meeting on July 13, 2004, the applicant has proposed a GLUP amendment, rezoning and site plan that represents its attempt to propose a project that is more acceptable to the County. The site plan proposes a 9-story, 70-unit residential development which includes the construction of the undeveloped Lee Highway right-of-way in order to meet the fire code requirement for a fire apparatus access road. Staff continues its discussions with the applicant about the proposal’s compliance with the code requirements, in particular the design of the proposed fire apparatus access road. The applicant is considering redesigning the building to meet the code requirements. The applicant has requested a two (2) month deferral to allow additional time to address this issue. Therefore, it is recommended that the GLUP amendment, rezoning and site plan requests be deferred to the June 10, 2006 County Board meeting.
