Additional Options in Arlington

- Tour buses may also park in any commercial area where there are no lines demarking standard car parking meter spaces. Curbs where tour bus parking is not allowed (including a few blocks in Pentagon City) are signed accordingly. Curbs where the standard car metered spaces are available for buses are unlined. At these locations, drivers must pay the standard meter rate and follow the time duration regulations. Some areas are restricted for as short as 30 minutes, but many of them allow parking for as long as 10 hours. In those standard car metered areas, there’s no charge for parking overnight.

- In special cases where an organization, group or hotel seeks to guarantee specific parking meter spaces at specific times, an [Application for Transportation Right of Way Permit](#) may be completed online. This form must be submitted a minimum of five business days in advance of the first parking date requested. Information regarding [Transportation Right-of-Way fees](#) is available in the section entitled Parking Meter Closure. Completed applications should be emailed to the Department of Environmental Services Development Services Permit Counter: [dcbustserv@arlingtonva.us](mailto:dcbustserv@arlingtonva.us) or delivered in person to the Development Services Permit Counter in Suite 800, 2100 Clarendon Blvd, Arlington VA 22201.
