Community Health Survey

All of us want to live, work and play in a healthy community. The Arlington County Public Health Division is conducting a confidential, 5-minute survey to help us understand our community's strengths and identify health issues needing more attention.

Your input will be combined with other information being collected on the Arlington community to create a ten-year plan to make Arlington a healthier community.

We also ask a few questions about you so we can describe who took the survey and how your suggestions about important health issues vary across our diverse community.

If you need help with the survey or have questions, please contact us at Destination2027@arlingtonva.us or please call: 703-228-5580 or TTY 703-228-1398 between 8 AM and 5 PM Monday through Friday. If you want to submit the survey by fax please send it to: 703-228-1392 or by mail to: Arlington County Public Health Division 2100 Washington Boulevard, 2nd Floor Attn: Community Health Survey Arlington, VA 22204.

Thank you for your participation and support.
